“ I was fortunate to have had the opportunity to meet, and spend a few days with Al Risinger in the summer of 2018 at the Cherington family reunion. This was the only time as it would turn out.

Al and I had several conversations over these few days. We talked about life, about work and about family. He was easy to talk to, a good listener and had a fun sense of humor.

Al loved his family deeply. Several times over these few days I noticed Al sitting on the ground playing with his young children. He was patient and kind and his love for them was unmistakable.

Katie and Al were kind enough to take us out on their boat in a futile attempt to teach us how to wake board. As we went crashing down into the water time and time again, their patience, kindness and laughter were on full display.

I learned about the passion Al and Katie shared for Yellowstone National Park, hiking, being on the water and being with family. Their passion and love for one another was obvious to see.

Al was a quiet man, but his demeanor and behavior spoke loudly to me. A true family man, Al displayed the qualities that all men should aspire to in this life.

In a few short days Al Risinger made this lasting impression on me. I can only imagine the countless others that were positively impacted by this man.

“Wow, you were such a great man! So kind and helpful when we camped and when I came home to visit. You took such good care of kids and made them laugh And me too. Your love for Katie was precious to see always helping her and caring for her. When my brothers family's were together there was so much laughter and fun times. I can still see your face and laugh. I look forward to seeing you when Jesus comes! I'll always remember your gentle laugh and kindness. Love to all of your family and mine as we wait in hope to see you again. Rest In Peace now. Love Aunt Cheryl
