“ I met Art at Fort Holabird, U S Army Intelligence School, Baltimore, MD in 1958. He was interested in history. We visited Washington DC, Philadelphia, Richmond, Fort McHenry, Gettysburg, Mount Vernon etc. After graduation from USAINTS we both served with the 308 Counterintelligence Corp Det in Seoul, Korea in 1959-1960. We visited many places of interest in the Seoul area. On my release from the army at Oakland CA. I traveled by train to Nebraska and visited with Art and his family in Norfolk. I joined Art and his parents on a road trip from Norfolk to the Washington DC area where we visited all the historic sites again. I maintained contact with Art through the years by email until I could not get a response around the time that his wife Beth died. I learned a lot about American history from Art. He was a very good friend. I am surprised that Art's obit is so short. RIP

“ I was always fond of Mr. Lee. He was able to capture your attention in class. The videos we watched in grade school with the tortoise and the hare. He empowered his students and wanted each person to be confident in themselves. Very compassionate man. I am so sorry for your loss.
