“ I attended country school with Bryce and Marcia. Our families shared many memories with school programs, holiday parties, and school field trips. I remember being invited to the Henzler home as a child. I was in awe of the baby sheep and even got to hold one. I also remember Betty baking and sewing during our visit. Betty was in the process of sewing an organizer that folds into the side of a mattress. Being a young girl, I was intrigued and apparently I was bold enough to ask, “Can I have one?” As if it could be sewn in minutes, rather than hours. Betty responded not with, “No, you can’t” but instead, “Well, maybe someday you can.” A few months had passed and low and behold on my birthday, I received a strawberry fabric organizer that would slide under the mattress for myself. I was overjoyed! My deepest sympathy to the Henzler family. Your mom had a heart of gold. May she rest in peace. God Bless! Sandy (Ronspies) Nixon
