“ Blake was a wonderful person whose infectious smile and laugh could always put a smile on my face. Even though I hadn't spoke to him in many years, I still think of him often. We were a large part of each other's lives for several years in high school and college. I have so many fun memories of the times that we shared with each other and each other's families. I'll never forget learning to fish for the first time with him and his family on one of their family fishing trips, and the endless hours of family card games. Blake will always hold a special place in my heart. Rest in Peace, until we meet again.
