“ I’m so sorry to hear Donna has passed. We were co-workers at Honeywell for a long time. I’ve often wondered how she was doing. It’s true she loved her dogs! I remember a time we were going camping with our dogs (she had two and I had one). Even with 3 dogs and two people I thought we’d be able to take one vehicle. However Donna informed me if we only took one vehicle there wouldn’t be room for me!
God Bless her. I’ll be thinking about her.

“ Tonight I had dinner with some retired Honeywell friends and Donna’s name came up. A quick search led me sadly to find her obituary. We worked together for a number of years and I remember what a kind person she was. I see she passed several months ago but, better late than never, I want to express to her family how she is very fondly remembered by her Honeywell friends. God bless.
