Upon graduation Gene went to work full time for his father in the family-owned trucking business. He worked for him until inducted into the service in 1951. He served in the United States Army and spent 15 months in the Korean War in the 2nd Infantry Division. After discharge Gene and his brother Bill would form a partnership and take over the family trucking business calling it Ebel Transfer. The Ebel brothers purchased and had the first bulk milk pickup truck ever in the State of Nebraska.

On April 25, 1954, Gene married Bernita M. Meyer. In 1962 the couple moved

to Norfolk where the Nebraska-Iowa Milk Association would build its first ever large milk processing plant. Gene's first position there was office manager. He was given the directive to get rid of canned milk and have all dairy farmers changed over to bulk milk sale. In 1971 he started and implemented the first ever Young Cooperators Program for the Central States Division of Mid-American Dairymen. In 1975 he was transferred to Omaha and was manager of member services for the central states division consisting of Nebraska, Kansas, Iowa, and South Dakota. Later, he was promoted to Director of Operations and a few years later to manager of the Central States Division including the same four state region. He held this position until he retired in May of 1994 and then moved back to Norfolk.

“ *Dear Cinda and Family, I'm so sad to learn of Gene's passing. Although I never met your father, I feel a connection through the many stories you have shared with me, most of which had to do with his incredible zest for living. I know how much you all loved him, and reading about his many accomplishments and associations throughout his time on earth gave me a sense that his was indeed a life well-spent! Please accept all my love and sorrow for your great loss.*

*Yours,

“ Bernita & Family - We were sorry to read of Gene's passing. Gene always had a friendly hello when we would see him. Betty and I still remember the summer night a number of years ago when we were out on a walk and we walked by your home. Gene and you were out in front and found out we were interested in moving into a townhome and the two of you so graciously asked us in and gave us a tour of your townhome. I think Gene was headed out to an Elks meeting that night, but you continued with the tour. All of you are in our thoughts and prayers.

“ Heaven has certainly gained one of the very best men I've known! Uncle Gene never missed an opportunity to give me a kiss and tell me “I love you” when he'd see me. I absolutely know who had to be one of the first to welcome him Home and probably with...what took you so long 🌀 My love and prayers are with all my Ebel family. No doubt, Uncle Gene will help prepare the way for us. May the perpetual light shine upon him. I will miss you, dearly, Uncle Gene! You're tucked in my heart forever 🙏❤️🙏
