“ *To Roger ("Doc") and family: We have such good memories of Isolde! She was unique, like her name. Always kind, always friendly, always welcoming and always with the smile! We are so glad we knew her! Roger, both of you were such an influence regarding us becoming "parents" of greyhounds. Thank you for introducing us to yours and telling us about how easy they are to live with. We have had four now in our home. Also, thank you for being so enthusiastic about running and the running club. You were a good team. We are sorry for your last good byes to an angel of a lady and glad to read she died peacefully.*

“ My deepest sympathy to Doc and all the family. Solde was always so kind and caring and always with that lovely smile for everyone. I was so blessed to know her and call her friend. There were many good times on the birding trips we shared and always those "serendipitous" happenings along the way.

“ I enjoyed the visits I had with Solde, she was always so sweet and had the best smile ever. She liked having her nail polished every once in awhile and we talked about her family, her love of bird watching, and just stuff. We loved having her at the Veterans Home, we thank the family for sharing her with us. My sympathies to all of the family.

“ My deepest condolences to Roger "Doc" on the loss of Isolde. The world is less without her in it. I knew the two of them when I lived and worked in Norfolk in the 80s and at many road runs we would see each other at. They have always been kind and wonderful people. We would all be better off if we were more like them.

“ *Isolde was introduced to me by Jane Dunlap when my mom was wondering why Chuck and I were living on a farm. Isolde was always warm and friendly and her love of the outdoors, birds, and all that came with living connected to the land was a real gift to me. I am grateful. Chuck joins me in extending our sympathy to Dr. Cutshall and the family. You have quite the legacy. Bev. and Chuck Henkel*
