“ *It is with sorry that I read of the passing of Jack. We shared many years of Friendship and have lots of memories of times with him and Carol. Most of which was time spent building their house at Wagners Lakes and the many times we brought back rocks from our vacations that were placed in various places on the house and in the fireplace. The huge "diamond shaped" rock at the top of the chimney was brought up from the family farm in Kansas. He lived a long life and enjoyed it to the fullest with many friends here. I have a photo of Jack and Al I would like to get to Kathy if she lets me know where to send it. It is from one of their "PBR" moments but has always been one of my favorites getting to see Al and him in wigs. My thoughts and prayers are with all of you. Elaine Mossman.*

“ *My uncle Jack was a kind man with a an ever-present smile on his face. When his sister (my mother) passed, he drove alone through a snow storm to be at her funeral. He lived a very long life and will be missed.*
