“ I didn't know you and I don't know your family, Kallie. My daughter was in your sixth period class this last semester. She said she spoke to you a few times and that you were really nice and friendly. I wanted you and your family to know that I really appreciate your kindness toward my daughter. I'm here for your family and regret that I didn't know you personally. Hopefully, one day I'll get to meet you and thank you personally in front of God. Love you!

“ *Man It is hard to believe she is gone. When I worked with her she was the most loving and caring person I have ever met. I miss all of the funny moments we had while we were cleaning and stocking things. I am gonna miss your laugh, your smile more importantly you. When we were told I was shocked and then reality hit that you are gone. I know that you are having fun up there Kallie! You are gonna missed by many.*
