“ *Now thats a face I will always remember. When I used to come over to your place to play so many years ago. We were always doing things back and forth harvest, 4-H baling hay, custom farming, Ladies Aid and don't forget the county extension group, your mom always was there with plenty of goodies. Even now as I sometimes go out that way to see where our farm was and look to the west and see how things have changed the memories come back. Your mom was one in a million. She will truly be missed. God bless.*
