“ We want to express our condolences to Rick, Tom, and Mary. I still remember the service calls when he first hired me out of electronics school. He would usually sit down and shoot the breeze with the customer while I was working on the TV AND then a lot of times, for quite a while afterwards :)

“ Sorry to read of Loren's trip home. In the late 60's and early 70's my husband, Kenneth worked for Loren and had a tremendous amount of respect for him. Ken spent a lot of time climbing to the top of towers, much to the chagrin of his new bride. I pray you are comforted by Our Savior, family, friends, and memories. God bless you with peace.

“ Sending my sympathy Rick, Tom and Mary. Your dad was a good friend to our family. I remember him delivering our "hi-fi" console back in the 60's. Saw him again a few years later when he brought our first color television. Such good memories. May your good memories keep him close in the months and years to come. Tom Huigens
