In 2013, she left the Regional Center and started her career as a nursing instructor at UNMC CON Northern Division on the NECC campus. Mary also worked as an APRN for Oasis Counseling beginning in 2017. Mary loved nursing and teaching the next generation of nurses.

They took many trips together, including the Rose Bowl to see the National Championship game in 2002, and to Washington DC in 2010 to take Kevin's mom and dad to see the WWII Memorial and Arlington National Cemetery. She always had a smi on her face. She was calm, cool and collected. Loved being around her. One memory was a certain Halloween. I still laugh about that . Enough said on that. RIP,Mary. Well done.*

“ We were so sorry to hear of Mary's passing. I was the Human Resources Manager during most of Mary's employment there and Betty worked in Health Information Management, so we both knew her and worked with her, Mary was a great nurse and unit supervisor and was an .even better person. She was always so friendly and pleasant to work with, even when we had some unpleasant HR issues to deal with. All of you are in our thoughts and prayers.

I first met Mary as a new Graduate Nurse who came to work at the NRC. I provided her orientation. Mary loved her work and provided care with dignity, love and compassion. I had the pleasure of working with Mary at UNMC College of Nursing in Norfolk for the past 5 years. So happy to have had time to reconnect with her after all these years. Mary put love into every aspect of her work and relationships. She will be greatly missed!

I was honored to be the research advisor for Mary when she was working on her MSN at UNMC. She was an enthusiastic colleague and worked hard on data collection. We authored an article together and even traveled to Washington DC to present our research! She was always so caring to her patients.
