“ MAC was simply the very best person this world has ever seen. He was my brother from another mother. We were two peas in a pod! We worked many hours together at two different Air Force bases over the years. He always put others ahead of himself. He was his brothers keeper! The Kingdom of Heaven awaits him. He will be missed by everyone who crossed paths with him. He followed Christ teaching of loving your fellow man. He loves his family and friends. I was closer to him than my own blood brothers. He is irreplaceable. The world has lost a great man. May he rest in peace! I love you brother.

Mike and I would run together in semis to East Coast together. If I needed help to find a place Mike would always help , he would help any truck driver with sliding trailer axles to get the weight right . I tried to stay in touch with Mike after the years of driving.
