“ *I've known Myron and Carolyn for many years. Fact is Myron taught me how to drive an 18 wheeler. I helped him get loads from Omaha to the west coast quite a few times. Attended their wedding, and the party afterwards. Knew them well. Loved to dance with Myron. They will both be missed a lot. Love to them both and good wishes to their families. You kids have a lot of memories to share. Karen Svatos*
