“ *So many good memories from District 48 and Crawford Valley - from the mother/kids Softball games to her teaching VBS. She was always so beautiful and had a small giggle to share. The school end of year picnics and Christmas programs were always great times for our families to celebrate together. I would go along with dad when he talked to George about school business and they had a dog house we would pretend to ride horse on the roof! You will all miss her very much - and I too will keep her in my heart.*
