

Philip K. Widner

April 7, 1987 - October 7, 2024

NORFOLK -- Celebration of life service for Philip K. Widner, 37, of Omaha, NE and Bedford, TX, will be held at 1:00 p.m., Friday, October 18, 2024 at the First United Methodist Church in Coppell (420 S. Hertz Road, Coppell, Texas). A slideshow of Philip's life can be viewed at <https://www.youtube.com/watch?v=7T-8eDMI7kg>. Inurnment will be held at a later date at the Rolling Oaks Memorial Center Cemetery in Coppell, TX (400 Freeport Pkwy, Coppell, Texas). Any flowers ordered will be delivered to the church prior to the service at the church. Philip passed away on Monday, October 7, 2024 at the Norfolk Regional Airport in Norfolk, NE as the result of a plane accident. Stonacek Funeral Chapel is in charge of the local arrangements.

Our precious son Philip Keith Widner died tragically in an aircraft accident on Monday, October 7, 2024. Our grief is almost unbearable, but we know that he is dancing with the angels. Philip is survived by his parents Danny and Beverly Widner, his extended family and an army of friends.

Philip's notorious reputation for usually being tardy began early in life. He was born seven days late on April 7, 1987, in Dallas Texas. This glorious event answered five years of prayer for a beautiful baby. Philip grew up in Coppell, Texas, surrounded by wonderful neighbors, friends, and his church family at FUMC Coppell. Our family life was special – we had fun, laughed together, traveled and enjoyed being together. It really was a wonderful life! Philip

thrived at school – enjoying sports and academics and had some admiring young ladies.

Philip's world expanded when he followed in his cousin Jake's footsteps and went off to college at Oklahoma State University. There he made many lifelong friends, especially his Fiji fraternity brothers. He never gave up on his OSU Cowboys winning the national football championship! (We're still waiting!) Through the magic of cell phones and texting Phil communicated and remained close with many of his buddies. He was an expert at managing multiple conversations at once! He was also dedicated to his fantasy football leagues.

After graduating college Philip worked in finance and the oil and gas industry. Not feeling really challenged or satisfied he took a leap of faith and began his dream of becoming a commercial pilot. He trained in Arlington, Texas, and went on to become a flight instructor in Oklahoma City. He was blessed to live with his extraordinary Aunt Juju in OKC and had a wonderful instructing experience. He was admired for his skills as a pilot and ability to teach and communicate. He had found his passion! He later flew for cargo companies in Brownwood, TX, and Omaha, NE.

Philip exemplified the phrase "he never met a stranger". He had a kind word for everyone and truly loved his neighbors. And everyone loved him. Philip's great sense of humor kept us entertained and his sarcasm kept us on our toes! He was rather famous for his dancing moves at wedding parties!

A devoted son, he used his Mr. Fix-it skills to keep our home and yard in working order along with all our tech challenges. He loved our family farm in East Texas and spending time with his cousins cutting down trees, fishing and hunting hogs. It won't be the same there without him!

Philip is predeceased by his maternal grandparents, Harold and Mabel Allred, and his paternal grandparents, Martin and Margaret Widner. Besides his parents he is survived by his Aunt Judy Wilkins, Uncle Larry Widner (Susan). He will be sorely missed by his cousins Melyssa Donahue, Josh Hunt (Suzanne), Darlene Widner, Darrell Widner (Kendall), Allie O'Connor (Kelly) and Jake Wilkins (Jamie). He is also known as Unka Phil to his cousin's children - Claire O'Connor, Crawford O'Connor, Charlie O'Connor, J. Henry Wilkins, Wesley Wilkins, Lucy Wilkins and Eli Wilkins, Landon Widner, Karson Widner and Aubrie Widner. AND his bestest canine girlfriend of 14 years, sweet Pepper.

In lieu of flowers you may donate to Pilots N Paws or Coppell Cares at First United Methodist Coppell, TX.

John 14:1-3: "Do not let your hearts be troubled. Trust in God, and trust also in me"

“ *Mr. and Mrs. Widner,
I just came across the notice of the loss of your wonderful son, Philip. A year and a half ago, we lost our beloved son who was a pilot for an air ambulance service. His plane crashed shortly after takeoff in Reno, Nevada. He saved so many lives and ended up sacrificing his own. Your son sounds like he was so much like our son, career change, flight instructor, sense of humor and a friend to everyone he met. My husband and I send our deepest sympathies as two people who have lived the pain you are feeling now. God bless you and your family. Keep God close.*

“ Philip was a bright light at our Arlington flight academy. You could always count on him to lighten the mood even when things weren't going great. He was a truly special person and my favorite that I met throughout my many years at ATP.

“ As of this past Monday I am the pilot on Philips old Brownwood - San Antonio route. On Monday several employees of UPS, in Brownwood and San Antonio, and the hotel employees in San Antonio, expressed their sorrow at Philip's passing each saying how kind he was to them.

Even having never met Philip, I know how he touched those around him with his kindness.

Paul Antoinette - October 16, 2024 at 04:23 PM

CC

I was Philip's 7th grade Language Arts teacher. Philip was truly one of the most congenial, responsible, good-humored, and bighearted young people I ever had the pleasure of teaching. I was blessed to cross paths with him a few times in his adult life, and each time I immediately felt his genuine warmth and goodness. He was a beautiful soul in every way, and the world will be a little dimmer without his spirit. My deepest condolences to the family and all who were blessed to have Philip in their lives.

“ A little over a year ago Phillip had a problem with the engine on his plane running rough during cruise so I went flying with him to duplicate it. He flew left seat but had me fly most of the time. He was able to determine that the mixture was too lean when using auto fuel (it was approved for auto fuel) so from then on he knew how to adjust the mixture correctly. He figured it out but still bought me a new monitor for my computer just as a thank you. Phillip was a very fine young man and excellent pilot. I'll miss his sense of humor.
