“ *I remember Randy from our years in highschool from our FFA/FHA coevents. He always wore this handsome smile, tall and with a outstanding noticable blood head of hairs. A robustness in his laugh, alittle on the shy side, but liked by his friends! Sorry for the loss we will miss by Randy's presence not with us, but heavenly he is. Condolences to his children and extended family members.*

“ *First i would love to give my deepest sympathy to the family. I have known Randy since i was in diapers. A very stubborn and hard working man. The many memeories of riding horses and sleep overs at his and Renes house will ever be a wonderful memory i will hold close to my heart. Randy now you are up there with my mom and you two can discuss your liking for broccoli cheese soup! And anyone who knew Randy knew he hated that soup and my mom knew that so she would always give you a hard time with that. Many hugs to all of you. Rene lots of hugs to you.*
