“ Ritchie was a wonderful, happy and loved man. He was my first resident that I cared for and gave me the nickname of DIP-always loved to hear him call out that name when I came to work. His prize thing was his car and it could make him smile-also sitting out on the front porch and he would love to go up and down the sidewalk in his wheelchair laughing and flinging his arms .He loved to go for rides in the van and would be so happy to go to the park and see the ducks. I loved this man in life and will remember him as he arrives in heaven. Godspeed my wonderful friend, be free and run like the wind and tell your mama hello.

“ I will always remember Rich's smile, how he enjoyed being out and about, or watching football. I was fortunate to have known him.

“ I remember working for Uncle Carl one summer when I was about 10 years old. I got to know Richie then very well. The thing I took away from that experience was the love the whole family continued to demonstrate toward Richard, in spite of his handicaps. Certainly an inspiration to us all. So sorry for your loss.

“ I am one of Richard's uncles. I was ten years old when he was born and was able to spend many happy hours and days with him. He was a pleasure to spend time with as he was growing up. I also joined the family when they visited the home in Wisconsin. He always had a smile and leaves me with many fond memories.

“ *Richie was fantastic. It was always a pleasure to see him. We enjoyed seeing him for family picnics in Beatrice and will always hold fast to those memories. I'm so glad he was able to reside in Norfolk with family nearby.*

I worked with Hubie when he lived at BSDC. I worked with him for several years and went through a lot of ups and downs with him due to health issues and changes in routine. I loved every minute I had with him. We mostly had good times. He loved going on outings. The Nebraska game, the zoo, picnics, and car rides. His favorite by far was when his family came to visit which was often. I don't know if he ever knew how much he meant to me. When he moved to Norfolk I was sad but at the same time happy that he would be near his sister's. He has the most loving family. I will miss you my friend. Look out heaven, the party just walked in.
