He was my favorite science teacher and now he's gone, I wish that I could have met him again. I know that he's in a better place looking down at all the people who he has touched. You will always be my favorite teacher sir and it's never the end it's always a new beginning.*

“ Science teacher/coach from the mid 90s in Randolph. Reed-o as we called him. RIP.

I remember if you were beating him in a game of chess he would fake sneeze so the pieces went everywhere. Never had an official loss on his record in the game of chess with students.
