“ *I met Roger when I moved to Norfolk from Lincoln in 1970. We ended up working together and became very good friends. We laughed together, we drank together, and we had a hell of a good time together! I eventually moved back to Michigan and we lost touch for a short while. When I would come back to Norfolk to visit I would try and make contact with Roger when I could. The last good memory I had with Roger is when we got together with a few friends and went for a ride on our Harleys. The news of Rogers passing absolutely devastated me. The reason being is that he will no longer be here in the flesh! I do take comfort in the fact that he is now with his son and father. Roger, you were like a brother to me. You will be missed and always remember that I love you and I will see you again someday. R.I.P. brother!*

“ When I moved from Lincoln to Norfolk in early 1970 I met Roger and Janie in high school. We became good friends, Roger and I worked together, we laughed together, we drank together and we had fun together. I eventually moved back to Michigan and we lost touch for a short time. When we reconnected we got together and had a very nice ride on our Harleys with a few friends. Hearing the news of Rogers passing has absolutely devastated me. I say this only because he will be missed. I do take comfort in the fact that now he is with his son and father. I will never forget you Roger, you are like a brother to me and I will see you again someday. R.I.P. my brother, love you!

“ I am so sorry for your loss. Roger was a great friend to my father, Chuck Alder. When I heard the news of Roger, my immediate thought was of Roger, my dad and Cory sitting together swapping stories. He will be missed!!!!

“ My dear Janie and family...I send love for you and prayers that will continue. Your hearts of pain I know too well myself. Know you are loved and know the time you will need. Like Willie Nelson's lyrics say... "it's something we get through but never over."  
Love you. Carolyn Cross
