“ My condolences go out to Toni's family. She was one of those people that I met on a project and never forgot her and always stayed in touch. Toni was one of the most down to earth, real, genuine people I had ever met. She also would not BS you, she said it like it was. I will miss Toni greatly.

“ My heartfelt condolences go out to Toni's family. I got to know Toni through work but over the past couple of years, Toni and I would take turns checking in on each other to see how we were doing as co-workers but also as friends. Toni always asked about my health and my daughter and she reached out when she heard that my younger brother passed away last year. Whenever we talked, she always minimized what she was going through. Her strength and the caring spirit that she showed me have made a lasting impression. I will miss my friend deeply.
