“ *Our family isn't originally from Pierce so we got to know Travis and the rest of the Gardner family mostly through playing softball in the summertime. I was inspired by his courage, as it was not unusual for him to be at the field helping coach while receiving treatment from a small machine at the same time. He never spoke of his difficult battle. He just wanted to help as much as he could. Though he was a physically imposing man, I've only known him to be a gentle, caring presence and he will be missed by those that got to know him.*

“ *I worked with Travis for several years and they don't get much better than him. He was always easy to get along with and would go out of his way to help anyone that needed it. He will be missed by me and several others.*
